TOWN OF KEYSTONE, COLORADO STAFF REPORT

TO: Mayor & Town Councilmembers

THROUGH: John Crone, Town Manager

FROM: Jennifer Madsen, Town Attorney

DATE: November 26, 2024 – Work Session

SUBJECT: Discussion of adopting an ordinance regarding penalties

and fines (Part 2)

Executive Summary:

This work session is a follow up to discussion at the October 22 work session regarding penalties in the municipal court. At the October 22 work session, Council provided direction for the consideration of an administrative citation process in addition to the municipal court process. A draft ordinance is provided with this staff report.

Background:

Overview of Municipal Court Violations

Municipalities in Colorado are empowered to adopt and enforce ordinances that regulate various activities within their jurisdictions. These regulations help maintain public safety, protect property, and enhance the quality of life for residents. To ensure compliance, municipalities may impose penalties and fines for violations of such ordinances. Colorado law allows municipalities to adopt a fine schedule, provided that such fines are reasonable and comply with state statutes.

Under Colorado Revised Statutes, municipalities have the authority to adopt fines and penalties for ordinance violations, subject to statutory limits. Per C.R.S. § 31-16-101, a municipality may impose fines up to a maximum amount for any ordinance violation, provided such penalties are not excessive or arbitrary. State law provides that the

maximum penalty for an ordinance violation is \$2,650 (this amount may be adjusted for inflation based the Denver-Boulder CPI since 2013). In addition, the municipality may enforce an ordinance violation by imprisonment of not more than 364 days. The ability to impose a jail sentence is limited to ordinance violations which are criminal in nature and there is a corresponding criminal state law.

The issuance of a citation for violating a municipal ordinance must adhere to the principles of due process as guaranteed by the United States Constitution and the Colorado Constitution. Due process requires that any governmental action depriving any individual of life, liberty, or property follow established legal procedures that are fair, reasonable, and impartial.

For municipal code violations, this means that citations must be issued in accordance with clearly defined laws and procedures. The procedure is that individuals must receive adequate notice of the alleged violation, including specific detail about what condition is violating the ordinance. The process also requires that the individual has the opportunity to contest the citation in a neutral forum, such as a municipal court or hearing process. Failure to comply with these due process requirements of notice and an opportunity for a hearing could render the citation invalid and a legal challenge. Adherence to these safeguards protects the rights of the individual and the integrity of the municipal enforcement system.

Draft Ordinance on Penalties and Administrative Citation

The draft ordinance provides for two different processes for handling ordinance violations in Keystone – complaints handled in the Municipal Court and administrative citations. The first process (identified as Section 2) relates to issuance of a summons and complaint for appearance in Municipal Court. The individual would be issued a summons to appear in court on a date certain and the citation would provide notice of the condition violated the ordinance. All the traffic offenses under the Model Traffic Code would be handled under through a summons and complaint process in the Municipal Court. Other ordinances violations could also be processed through the

Municipal Court by issuing a summons and complaint of the ordinance violation.

The second process is an administrative citation process and that is included in Section 3. This process would not be handled through the Municipal Court. The following is an outline of that administrative process. The ordinance dictates the form of the administrative citation. That citation identifies the violation and requires payment of a penalty for the violation. Payment is required even if the individual later remedies the violation. A second and a third citation, each requiring payment of a penalty, may be issued if the property owner does not remedy the violation. A failure to pay the penalty may result in imposition of a late fee and any penalties and fees may be referred to collections. In addition, if the violation is not repaired after issuance of an administrative citation, the Town may use court enforcement to achieve resolution. An individual may request a hearing on the citation and that hearing would be handled through a Hearing Officer.

The third section of the draft ordinance includes an amendment to the Model Traffic Code adopted by Town Council. Upon research into the Town of Dillon's processes for traffic violations, it was learned that Dillon follows the fine schedule set forth in state law for model traffic code violations. Ordinance 2024-O-12 removes the state fine schedule because many municipalities have adopted their own fine schedule for traffic violations. If Council wants to be consistent with Dillon's practices, Ordinance 2024-O-12 will need to be amended to add in the state fine schedule.

- (c) Administrative citations shall be issued only after the responsible party has received a notice and demand and has been given time to comply as stated in the notice and demand.
- (d) Upon issuance of an administrative citation for a violation of an applicable section, no additional administrative citation shall be issued for the same violation for ten (10) days or, if the responsible party appeals, until after the appeal has been heard and the responsible party has not complied with an order of the AHO within ten (10) days of its issuance or such other time as the AHO has specified.

- (c) The Town's provision of notice pursuant to Paragraph (b)(2) of this Section to the last known address of a responsible party as reflected in the records of the Summit County Clerk and Recorder's Office shall be considered adequate notwithstanding any error in the County's records. An officer may reasonably rely upon current County records to obtain an accurate address for a responsible party.
- (d) At any appeal hearing conducted pursuant to Section IX, the AHO may consider evidence of actual notice received by a responsible party in determining whether adequate notice of a violation or of a citation has been provided. The AHO may find that notice is adequate despite a lack of technical compliance with subsection (b) hereof upon evidence that a responsible party received actual notice of a notice and demand at least ten (10) days prior to the issuance of an administrative citation for the specified violation(s) or actual notice of an administrative citation.

- (b) The Code Officer may require that the responsible party provide evidence of identity and residential or working address.
- (c) The Code Officer shall attempt to issue the administrative citation to the responsible party at the site of any violation. The Code Officer may issue the administrative citation to the responsible party by the methods described in Section VI.
- (d) The Code Officer shall attempt to obtain the signature of the person receiving the administrative citation on the citation. If that person refuses or fails to sign the administrative citation, the failure or refusal to sign shall not affect the validity of the citation and subsequent proceedings.

- (b) The administrative citation shall refer to the regulation violated and describe the violations.
- (c) The administrative citation shall describe the action required to correct the violations.

- (e) The administrative citation shall state the amount of fine imposed for the violation.
- (f) The administrative citation shall explain how the fine shall be paid, the time period by which it shall be paid, and the consequences of failure to pay the fine.

- (g) The administrative citation shall briefly state the process for appealing the administrative citation.
- (h) The administrative citation shall contain the signature of the Code Officer and the signature of the responsible party if it can be obtained.

VII. Appeal of administrative citation.

- (a) A person served with an administrative citation may file a notice of appeal within five (5) days from the service of the administrative citation. Compliance with this time limit shall be a jurisdictional prerequisite to any appeal brought under this Article, and failure to comply shall bar any such appeal.
- (b) The notice of appeal shall be made in writing and shall be filed with the Municipal Court in person, by facsimile transmission or by mail. Regardless of the manner of filing such appeal, the notice of appeal must be filed with the Municipal Court within five (5) days from the date the administrative citation was served.
- (c) As soon as practicable after receiving the written notice of appeal, the Municipal Court shall assign an AHO who shall schedule a date, time and location for the hearing.
- (d) Written notice of the date, time and location of the hearing shall be personally served upon or sent by first class mail to the responsible party at least five (5) calendar days prior to the date of the hearing. The hearing shall be held no more than twenty-one (21) days after a timely filed notice of appeal.
- (e) In computing the day a notice of appeal must be filed or the day by which a hearing must be held, the first day is excluded and the last day is included. If the last day of any period is a Saturday, Sunday, or legal holiday, the period is extended to the first day thereafter which is not a Saturday, Sunday, or legal holiday.

VIII. Administrative hearing officers.

- (a) The AHO must be an attorney licensed to practice law in the State of Colorado with a minimum of three (3) years of experience.
- (b) Any person designated to serve as an AHO is subject to disqualification for bias, prejudice, interest, or for any other reason for which a judge may be disqualified in a court of law.

IX. Administrative appeals.

- (a) Administrative appeals are intended to be informal in nature. Formal rules of evidence and discovery do not apply. The procedure and format of the administrative hearing shall follow the procedures provided in this Section.
- (b) The parties to an administrative appeal shall be the responsible party and the Town. Parties may be represented by legal counsel. Each party may call and question witnesses, cross-examine witnesses and present evidence in support of its case.
- (c) The AHO shall have the power to administer oaths, issue subpoenas to require the presence of witnesses and, when necessary, grant continuances. Subpoenas may be issued to require the presence of persons and production of papers, books and records necessary to the determination of any hearing which the AHO conducts. It is unlawful for any person to fail to comply with any subpoena issued by the AHO. A

- subpoena shall be served in the same manner as a subpoena issued by the District Court of the State. Subpoenas issued pursuant to this Section may be enforced by the Municipal Court judge.
- (d) The only issue to be decided by the AHO is whether the Code Officer exceeded his/her authority in issuing the administrative citation. To do so, the Town bears the burden of proof to establish the existence of a violation of the Code. The Town's meeting of this burden of proof shall constitute prima facie evidence that the Code Officer did not exceed his/her authority. The appellant shall have the burden of rebutting such evidence.
- (e) The standard of proof required in an administrative appeal is a preponderance of the evidence.
- (f) Hearings shall be recorded by electronic means and transcripts of such recordings shall be made at the expense of the party requesting the transcript.
- (g) Whenever it appears that an appeal is not filed within the time permitted by this Article, particular law or ordinance involved, or that the AHO for some other reason lacks jurisdiction, the appeal may be dismissed on the motion of any party or on the AHO's own motion.
- (h) The decision of the AHO shall be known as an administrative enforcement order.
- (i) The AHO may uphold the administrative citation and all penalties or dismiss the administrative citation and all penalties or may waive or conditionally reduce the penalties assessed by the administrative citation. The AHO may also impose conditions and deadlines to correct the violations or require payment of any outstanding penalties.
- (j) In the event that the AHO does not dismiss the administrative citation, the AHO shall assess reasonable administrative costs of not less than twenty-five dollars (\$25.00), but not to exceed fifty dollars (\$50.00).
- (k) The administrative enforcement order shall become final on the date of mailing the order to the responsible party. A copy of the order shall be provided to the Town.

X. Failure to attend administrative appeal.

Any responsible party who fails to appear at the hearing is deemed to waive the right to a hearing and the adjudication of the issues related to the hearing, provided that proper notice of the hearing has been provided. The AHO may take testimony, evidence and argument from the Town and issue an administrative enforcement order.

XI. Penalties assessed.

- (a) The penalties assessed for each administrative citation issued for violations of the applicable code sections are as follows:
 - (1) First administrative citation: one hundred fifty dollars (\$150.00).
 - (2) Second administrative citation on the same violation within a twelve (12) month period: three hundred dollars (\$300.00)
 - (3) Third and each subsequent administrative citation on the same violation occurring in a twelve (12) month period: five hundred dollars (\$500.00).
- (b) If the responsible party fails to correct the violation, subsequent administrative citations may be issued for violations of the same applicable section.

- (c) Payment of the fine shall not excuse the failure to correct the violations nor shall it bar further enforcement action by the Town.
- (d) All fines assessed shall be payable to the Town of Keystone.

XII. Failure to pay fines.

- (a) The failure of any responsible party to pay the fines assessed by an administrative citation within the time specified on the citation or administrative enforcement order, if an administrative hearing was held, may result in the imposition of a late fee of fifty dollars (\$50.00).
- (b) In the event of failure to pay all fines assessed, the manager may refer the matter for collection by whatever means are available to the Town.
- (c) An action or other process provided by law may be maintained by the Town to recover or collect any amounts, including late fees, interests, and administrative costs, owing under this Article.
- <u>Section 4</u>. Amendment to Ordinance 2024-O-12 to include Section 1701 of the Model Traffic in the Town of Keystone. Paragraph (8) of Section 3 of Ordinance 2024-O-12 is deleted in its entirety.
- <u>Section 5</u>. Severability. Should any one or more sections or provisions of this Ordinance be judicially determined invalid or unenforceable, such judgment shall not affect, impair, or invalidate the remaining provisions of this Ordinance, the intention being that the various sections and provisions are severable.
- <u>Section 6</u>. Codification. This ordinance may be codified and numbered for purposes of codification without the need for further approval by the Town Council.

TOWN OF KEYSTONE, COLORADO STAFF REPORT

TO: Mayor & Town Councilmembers

FROM: John Crone, Town Manager

DATE: November 26, 2024 – Work Session

SUBJECT: Discussion of Business Licensing

Executive Summary:

Staff is seeking guidance on whether the Town Council wants to institute a business licensing program.

Background:

Many municipalities require businesses that either have a physical location in the Town or conduct non-incidental business in the Town to acquire a Town issued business license. Keystone is the only municipality in Summit County that does not currently require business licensing.

Business licenses are usually required for anyone who sells goods or services or operates a commercial enterprise within the Town limits. Most Towns only charge a nominal administrative fee for business licenses.

Reasons for Business Licensing

There are several reasons that Towns require business licensing. Not all situations will apply to all businesses.

<u>Administrative Compliance</u> – Requiring a license will help Town staff efficiently determine whether a business is complying with local requirements and regulations.

This includes being able to quickly determine whether a business is paying all required

taxes and fees, and ensuring that the Town has a valid contact for anyone doing business here.

Zoning and Code Compliance – The land-use code has many restrictions on use depending upon where a property is located. Requiring a business license will enable staff to review a business' plans and make sure that they are in line with neighborhood requirements before the business opens.

<u>Consumer Protection</u> – It is important that the Town take steps to protect its citizens from unscrupulous business scams. A business license requirement will not provide absolute protection; but it is another step that will help identify those individuals who don't take all of the steps necessary to run a legal business before those individuals can take advantage of our citizens.

<u>Public Health and Welfare</u> – Many towns require business license applicants to submit a fire and life safety inspection before the license is issued. This is an important step to protect the health and welfare of the people visiting the business.

Types of Licenses

Most Towns offer several different types of licenses depending on the types of goods or services that they offer, where the businesses are located, and the amount of business that is conducted in the Town. There are also many types of businesses that are required to obtain additional licenses from either the state or from the Town. These include regulated professions such as doctors or massage therapists and regulated businesses such as liquor sellers or marijuana facilities. State regulations also limit the ability of Towns to require licenses for non-incidental businesses (think of delivery services or on-line vacation rental sites. In general, Towns tend to provide for at least two types of licenses:

<u>Regular License</u> – This is the standard license required for anyone who regularly conducts business within the Town limits. Many towns separate these licenses into two types of businesses:

- <u>Fixed Premise</u> Fixed premise licenses are for those businesses that occupy a brick and mortar building within the Town limits.
- Remote Location Some Towns offer a second type of license for those businesses that operate in a remote location but provide goods or services to people within the Town limits. Building contractors are often required to obtain remote location licenses.

<u>Short-term or Vendor Licenses</u> – Vendor licenses are issued to businesses that only operate in the Town for a very short time. These types of licenses are often issued to businesses that come into town for festivals or fairs. They are very important for ensuring that the town receives correct sales tax payments.

Next Steps:

If the Council is interested in creating a business licensing program, it should instruct staff to prepare the necessary ordinance for future Council consideration.

TOWN OF KEYSTONE, COLORADO STAFF REPORT

TO: Mayor & Town Councilmembers

FROM: John Crone, Town Manager

DATE: November 26, 2024 – Work Session

SUBJECT: Nuisance ordinance

Executive Summary:

The purpose of this work session item is to provide a proposed nuisance ordinance and to get Council input on the types of items that it desires in the Town's nuisance ordinance.

Background:

Nuisance ordinances are adopted to protect the Town from actions that may not always rise to a criminal level but are made illegal because they create a health or safety risk, are serious detriment to people's quiet enjoyment of their own property, or create a situation that is an antithesis to the Town's stated goals and objections. A nuisance ordinance will define the Town's positions, and it is often enforced through either the police department or the town's code enforcement procedures.

Town Council has had two workshops on the proposed ordinance in July of this year. The attached ordinance attempts to take into account the comments received in those workshops.

The attached ordinance also includes enforcement procedures. I have mirrored the enforcement provisions in the Dillon town code. This would make it much easier for any joint code officers or police departments to enforce the ordinance.
